

Your choice of hospitals

As a PruHealth member you will have access to leading private hospitals throughout the UK providing the highest standards of care. You have a choice of four hospital lists which offer different levels of access, please check which list your nearest hospitals are on.

Local Hospital List includes hospitals from the UK's two largest private hospital groups, Spire Healthcare and BMI Healthcare, and also hospitals from the Ramsay and Nuffield Health Hospital groups. This list does not include any Central London hospitals.

Countrywide Hospital List extends your coverage to include all hospitals from some of the UK's major private hospital groups including all of those in the Spire Healthcare, BMI Healthcare, Ramsay Health and Nuffield Health groups. You will also have access to the majority of other private hospitals outside of London, across the whole of the UK. In addition the Countrywide Hospital List includes, all NHS Private Patient Units outside of London, plus several Central London NHS Private Patient Units.

London Hospital List further extends your hospital cover to include more hospitals in Central London, including all of the HCA Healthcare hospitals (the largest private hospital provider in London) and access to all of the NHS Private Patient Units in the centre of London.

Premier Hospital List offers the widest choice, with access to all the private hospitals and NHS hospitals with private facilities in the UK.
